# Vu Intelligent Display

## Rethinking the Meeting Room

The Intelligent display by Vu is the number one must-have productivity tool for every meeting room. More than a monitor, this intelligent display comes with a built-in computer and Windows OS for PPT, Excel, Word, Outlook etc. You've never seen anything like this before!

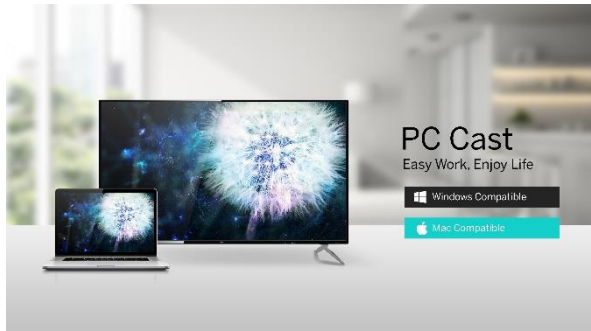

## Internet Connected Display

It has wireless & wired network connectivity, 128GB storage & 8GB RAM. That means you can easily shift content in and out of the cloud. Send emails directly to the display in preparation for your meeting. Access cloud apps, CRM software, other network files directly from the Intelligent display.

## No Personal Data

There are no awkward moments of revealed your picture or private messages when using this display. In a workforce full of personal laptops and tablets, this display is the best way to ensure employee privacy. Whether you send your meeting notes to the display via the cloud, or from a USB drive. You don't have to connect your PC to this display.

## Tangle-Proof

Gone are the days of long VGA cables. Leave the HDMI cables alone. The Office display comes with PC Cast pre-loaded. PC Cast and Smart Control syncs any wireless-enabled device to the Intelligent display with a just couple clicks. (Optional)

## Get Work Done

Pass around the wireless keyboard and track pad mouse to edit files or show presentations. See the content and take control. On-the-fly collaboration keeps the meeting on point.

## Cabin Use | Board Room | Meeting Room

Boss cabin, Meeting Presentation, Team Review, Discussions, Brainstorming Group Induction, Project, Event Planning, Continuous Medical Education for Doctors, Round Table or Class room style conference, Sales meeting and review, Product Launches, Design & concept sharing etc.
